THE PANKEY INSTITUTE'S ESSENTIALS SERIES

Transform your experience of practicing dentistry and increase predictability, profitability and fulfillment. The Pankey Institute's Essentials Series is the key, and aesthetic and functional treatment planning is where your journey begins.

This course is built on an exam, diagnosis and treatment planning system based on five key areas: aesthetics, occlusion, restorative, biology and the patient. You will leave proficient with this process and ready to incorporate it into your practice the very next day.

Following a system of risk assessment, patient ownership and risk management creates technical excellence and predictability. Practice dentistry the way you want, doing the procedures you enjoy most with patients who value and appreciate you and the exceptional care they receive.

Course: Th102

Fee: \$4,995

Thank You for Supporting
a Dental Meeting that Supports
the Dental Community.

The Hinman Dental Meeting, a non-profit organization, provides scholarships to dental, hygiene and assisting students and gifts to institutions that foster dental education.

The focus has always been about providing the very best education possible for the entire dental team. Plan to attend Hinman this March to support a Meeting that supports the future of the dental profession...and make lasting memories along the way!

Keynote Session with Dr. Nido Qubein

Thursday from 5:30 – 7 p.m. | No Fee | Event Th401

Join us for the official opening ceremony of the Hinman Dental Meeting featuring Dr. Nido Qubein. Doors and cash bar open at 5 p.m. with a musical prelude until 5:30 p.m.

From Success to Significance

Out of adversity emerges abundance. Difficult times often are filled with opportunities.

Dr. Nido Qubein came to the United States as a teenager with little knowledge of English and only \$50 in his pocket, yet ended up a mega-success story. Today, he is president of a leading university and chairman of a national retail company—and one of the most sought-after leadership speakers. Dr. Qubein delivers an inspiring message on finding focus, balance and meaning in business and in life. You'll leave this presentation entertained and inspired to be impactfully innovative.

Earn one hour of CE by attending this session.

Marvin C. Goldstein Memorial Lecture

This session is sponsored by the Atlanta chapter of the Alpha Omega International Dental Fraternity in cooperation with the Thomas P. Hinman Dental Meeting. The Fraternity has dedicated this lectureship in memory of Dr. Marvin C. Goldstein.

PRACTICE OWNERSHIP PROGRAM

Saturday 9 a.m. – 2 p.m. | Fee \$75

All too often, the decision on if and when to own a dental practice becomes an emotional journey rather than a business decision, with massive school debt often obscuring the big picture. This first-of-its-kind half-day session will offer dental students, residents and associates the ability to expand one's lens to fix their focus on long-term success, with the full disclosure of both the benefits and obstacles of owning a dental practice.

This course will consist of two lectures, a panel discussion, complimentary lunch and a meet-and-greet networking session with experienced practice owners.

Registered dental students and residents are eligible to receive a two-night hotel stay and ticket to the Hinman's Night Out party by signing up and attending.

Course Sa274a is geared towards students, residents and new dentists. Current practice owners are invited to join the Practice Ownership Program at 12 p.m. [Course Sa274b] to meet with future owners, share your experience and gain an inside look at the questions and concerns that dental students may have as they begin their careers.

ACCREDITATION & CONTINUING EDUCATION CREDIT

The Hinman Dental Meeting utilizes a computerized accreditation process. Attendees who register for courses will receive a badge listing the course and speaker for each "in-person" class. Attendees will be advised of a four-digit code in each class for processing of CE credits. Hinman provides one hour of credit for each hour of lecture, unless otherwise indicated under the course description.

Computerized continuing education certificates can be printed at one of two locations during the Meeting:

- 1) Exhibit Hall, CE Printing: Thursday 9:30 a.m. – 5 p.m., Friday 9:30 a.m. – 6 p.m., Saturday 9:30 a.m. – 3 p.m.
- 2) Registration Hall: Saturday 1 p.m. – 5:30 p.m. only

Or

Get the Hinman APP to record your CE and send certificates to yourself to print at home.
