

PROGRAM AND EXHIBITS GUIDE

105th Thomas P. Hinman Dental Meeting | March 23-25, 2017
Georgia World Congress Center & Omni Hotel at CNN Center | Atlanta, Georgia
Dr. Jane C. Puskas, General Chairman | Dr. Robert J. O'Donnell, President

SOLD OUT

You're invited

Friday, March 24 from 7-10:30 p.m.
Georgia Aquarium | Event Fr407

EVENT DETAILS

Hinman's Night Out is back this year for another unforgettable event experience that's not to be missed! All registered attendees ages 18 and up are invited to our Party Under the Sea at the Georgia Aquarium, the largest aquarium in the United States.

For less than the cost of a general admission aquarium ticket, you will be able to dance the night away with Rhythm Nation, who will play a variety of high-energy hits. Also, you can visit all of the aquarium exhibits, enjoy delectable food and drink catered by Wolfgang Puck, play a few interactive games or snap a photo with your friends.

HIGHLIGHTS

Make the most of the evening by dressing to match the Under the Sea theme, as a sea creature, goddess, shipmate... or wherever your imagination guides you! For those who participate, there will be a costume contest with cash prizes at 8:15 p.m.

Grab a ticket when you arrive for a chance to cast a line at the Gone Fishin' Prize Pond. Participants will "catch" a prize valued between \$5-500, with \$4,000 in prizes awarded.

HOW TO GET THERE

The Hinman hotel shuttle routes will run until 11 p.m. (the Omni Hotel is an additional stop during this time only). The Aquarium is a half-mile walk from the GWCC. Parking is available at the Aquarium for \$12.

TICKETS

Tickets are \$30 for registered meeting attendees and \$15 for registered students and residents. All tickets purchased at the door are \$40, based on availability. The entry ticket includes access to the aquarium exhibits, a scrumptious food buffet and two drink tickets. Beverages also will be available for purchase.

SOLD OUT

Everyone attending **MUST** register for the Meeting and the event; tickets are required for entry.

HINMAN WOULD LIKE TO THANK OUR CONCERT PARTNERS FOR THEIR SUPPORT:

Thursday, 10 a.m. – 2 p.m.
Friday, 10 a.m. – 2 p.m.
Saturday, 10 a.m. – 12 p.m.

KEYNOTE SESSION: *Dr. Sanjay Gupta*

Thursday, March 23, 5:30 – 7:30 p.m. | GWCC, Sidney Marcus Auditorium

Join us for the official opening ceremony of the Hinman Dental Meeting! Doors and cash bar open at 5 p.m. with a musical prelude until 5:30 p.m. The Keynote Session introduces the Meeting's Featured Clinicians and Keynote Speaker, Dr. Sanjay Gupta.

Dr. Gupta is the multiple Emmy® award-winning chief medical correspondent for CNN. Gupta, a practicing neurosurgeon, plays an integral role in CNN's reporting on health and medical news for all of CNN's shows domestically and internationally, and contributes to CNN.com. His medical training and public health policy experience distinguish his reporting from war zones and natural disasters, as well as on a range of medical and scientific topics, including the recent Ebola outbreak, brain injury, disaster recovery, health care reform, fitness, military medicine and HIV/AIDS. Dr. Gupta is the host of Vital Signs for CNN International and Accent Health for Turner Private Networks.

Gupta's passion for inspiring Americans to lead healthier, more active lives led him to launch "Fit Nation," CNN's multi-platform anti-obesity initiative. In 2009, "Fit Nation" followed the progress of Gupta and six CNN viewers as they inspired each other while training for a triathlon. The program is now in its seventh year.

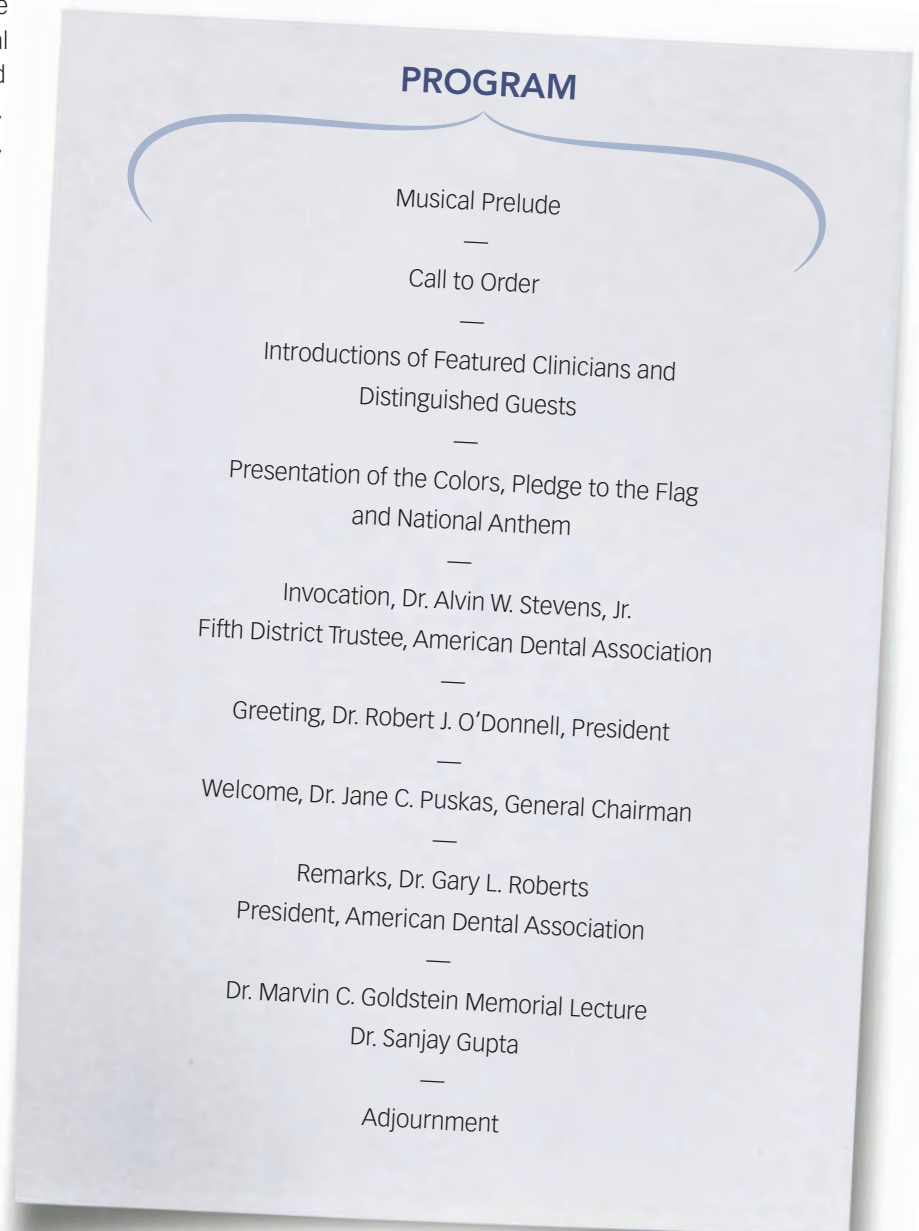

In addition to his work for CNN, Gupta is a member of the staff and faculty at the Emory University School of Medicine. He is associate chief of neurosurgery at Grady Memorial Hospital and regularly performs surgery at Emory University and Grady hospitals. He holds memberships in the American Association of Neurological Surgeons, Congress of Neurological Surgeons and the Council on Foreign Relations. He serves as a diplomat of the American Board of Neurosurgery and is a certified medical investigator.

Gupta contributes to the CBS newsmagazine *60 Minutes*. He is the author of three New York Times best-selling books, *Chasing Life* (2007), *Cheating Death* (2009) and *Monday Mornings* (2012).

Gupta received his undergraduate degree from the University of Michigan and a doctorate of medicine from the University of Michigan Medical School. Before joining CNN, Gupta completed neurosurgical fellowship at the Semmes Murphey Clinic and residency at the University of Michigan Medical Center.

Marvin C. Goldstein Memorial Lecture

This session is sponsored by the Atlanta chapter of the Alpha Omega International Dental Fraternity in cooperation with the Thomas P. Hinman Dental Meeting. The Fraternity has dedicated this lectureship in memory of Dr. Marvin C. Goldstein.

“Separate not thyself
from the community
~Ethics of the Fathers~”

DR. MARVIN C. GOLDSTEIN

Marvin C. Goldstein, D.D.S., F.A.C.D., F.I.C.D. was a product of his heritage and his faith. He was devoted to his profession and to his family—immediate and extended. A man of his community, he gave of himself unstintingly to help make it the best it could be. Marvin’s philosophy about doing good things, simply put, was “because it’s the right thing to do.”

Marvin’s greatest passion was people. His community involvement knew no bounds. Civic leaders, regardless of faith, color, gender or political persuasion, turned to him as a man of courage and conviction. It was not only for financial help but also to seek his advice and counsel on subjects ranging from practicality to those of more esoteric nature.

Active in more than 20 dental organizations, he devoted 48 years as a volunteer to the Ben Massell Dental Clinic in Atlanta where he was Chief of Staff Emeritus at the time of his death. He served as President of no less than eight dental, civic, religious or volunteer organizations, was Chairman of the board of ten such activities and participated as a worker in countless other associations. In addition to being a Clinical Professor of Orthodontics at the Medical College of Georgia School of Dental Medicine, he presented more than 200 lectures in the U.S. and abroad and contributed extensively to the literature.

His plethora of activities make the point that one does what one wants to do and that time can be found to participate in total life-cycle experiences. Though realizing that many endeavors might not be completed, he knew he had to make the effort. But

His efforts to assist students trying to enter schools of higher education and the professions are legend. Those concerns were outdone only by the friendship he offered as they traveled the road of life. And, yet, this plate he had been served—so full of doing and giving to and for others—always had special room for his devoted wife and helpmate, Rita, and their five children and their families.

Marvin Goldstein, whom we memorialize now and for the future, was truly “a man for all seasons”—a man for all reasons. Martin Buber, the great philosopher and theologian said, “God made no tools for himself; He needed none, for He created for Himself a partner.”

Such a partner was Marvin Goldstein. No more can—or need—be said.

These Dr. Marvin C. Goldstein Lectures, gifts to the Hinman Dental Meeting, are made possible by donations from members of the Atlanta Chapter of the Alpha Omega International Dental Fraternity, other Alpha Omega Fraters, friends and Dr. Goldstein’s family.

THE THOMAS P. HINMAN MEDALLION

The Thomas P. Hinman Medallion is considered to be one of the highest honors bestowed in dentistry. The Medallion is not only an honor to the recipient, but also an honor to the memory of the man for whom it was named.

Julian Harris, the late world-famous sculptor, is responsible for the Medallion being a work of art. Mr. Harris, whose creations are seen in leading museums and in public buildings and squares across the nation, did diligent research before designing the Medallion. The primary motif is the official insignia of dentistry. The Medallion also includes the motto of the Hinman Dental Society, “Magna Est Veritas Et Praevalebit” – “Great is the Truth and It Shall Prevail.”

In 1950, the posthumous awarding of the first Medallion to Dr. Thomas P. Hinman was most fitting. Dr. Hinman was a student, an educator and a private practitioner of international renown. He was also president of the National Dental Association, predecessor of the American Dental Association. His greatest contribution to dental education, however, was the founding of the Mid-Winter Clinic in 1913, now the Thomas P. Hinman Dental Meeting.

COURSE INFORMATION

PARTICIPATION (100 level), INTERACTIVE AND REGISTERED ATTENDANCE (200 level) COURSES involve a fee. To purchase tickets for these courses, go to ticket sales located in the registration hall.

GENERAL ATTENDANCE COURSES (300 level) are free. Ticketed, priority seating will be offered to those who pre-register. If you don't pre-register, you can go to the door of the course to see if seats are available.

SPECIAL EVENTS (400 level) may require a fee to attend. Visit ticket sales for more information.

Please be sure to record your four-digit course completion code at the conclusion of each course. You will need the code and your badge number in order to process your CE certificate.

Course handouts are available at hinman.org and on the Hinman App until May 12. Use your badge number and first four letters of your last name to access the handouts.

History of the THOMAS P. HINMAN DENTAL MEETING

DID YOU KNOW...

1912

The first Atlanta Mid-Winter Clinic was held in 1912, which was organized by Dr. Hinman.

The Thomas P. Hinman Dental Meeting is sponsored by the Hinman Dental Society, a non-profit organization. The first meeting was held in 1912 by Dr. Thomas P. Hinman and was considered to be the first clinic strictly for serious-minded educational purposes. The meeting developed a reputation for devotion to detail and hospitality that continues to grow through the years with every meeting.

In 2016, nearly 20,000 dental professionals participated in the 104th Thomas P. Hinman Dental Meeting at the Georgia World Congress Center and Omni Hotel at CNN Center. The exhibits program included representatives from nearly 400 companies occupying more than 800 booths.

Today, the focus is still on providing the best possible education, not only for dentists, but for the entire dental team as well. The program addresses the needs of general dentists, specialists, hygienists, assistants, office staff, lab techs and students.

The Hinman Dental Society today is comprised of 800 dentist members, primarily located in metropolitan Atlanta. The membership responsibilities include service during the meeting each year.

The excess revenue of the Meeting is invested and gifted in the form of scholarships to individuals and in contributions to institutions that foster dental education whether at the undergraduate or post-graduate level. In 2016, the society provided nearly \$600,000 in total giving.

Born in 1870, Thomas Hinman graduated from Southern Dental College in Atlanta with his Doctor of Dental Surgery degree in 1891.

The first classes for the Atlanta Midwinter Clinic, later renamed the Hinman Dental Meeting, were initially limited to 40 dentists with strict focus on education. The attendee was honor-bound to return to his state dental society and present what he had learned in a formal program.

Hinman Learning Lab – For Dentists, Lab Techs and Staff

Booth 201 on the Exhibit Floor | No Fee CE

New this year, the Learning Lab Co-Op debuts in the exhibit hall. In this pavilion, attendees can obtain CE from Hinman exhibitor partners and laboratory technician professionals. They will be presenting live scanner demonstrations, E4D and Cerec demonstrations, central incisor competitions and a full range of education for the dentist, hygienists, office staff and laboratory technicians.

This pavilion was designed to help dentists, hygienists and lab techs work together in a cohesive fashion bringing top quality care to your patient.

THURSDAY

Digital Journey

John Cox, VP of High Tech Sales, Henry Schein Dental
10 – 11 a.m. | Course Th560

Digital Technology is making its way into every dental practice. Where do practitioners turn to help navigate the rapidly changing world of digital dentistry? When taking your digital journey you need to be sure the technology choices meet the unique needs of your practice or laboratory, and are seamlessly integrated to continuously operate efficiently and successfully. This presentation will cover exactly how digital technology in a practice can enhance the patient experience, deliver predictable, quality dentistry, and improve practice efficiency and productivity. Traditional workflows will be compared to new digital workflows, including implant, ortho, and crown and bridge. Don't miss this opportunity to learn.

Scanner Demonstration

Participating exhibitors: 3M, 3Shape, Carestream Dental, Planmeca USA, Inc.
11:30 a.m. – 1 p.m. | Course Th561

One of our primary goals for the Learning Lab Co-Op is to bring together dental laboratory technicians and dentists to the same program. Each manufacturer will present a scanner in a non-commercialized fashion to show you the advantages of the scanner, and how it benefits the work flow for the

technician and the dentist. Each manufacturer will have 15 minutes to present and the final 15 minutes will be open for attendees to come to each scanner representative and ask questions on a more one on one opportunity.

Digital Implant Workflows Assure Predictable Outcomes

Brian Lindke, CDT
Presented by Atlanta Dental Supply
1:30 – 2:30 p.m. | Course Th562

Take digital control of implant cases from planning, through manufacturing, to delivery. Brian Lindke, a leader in esthetic and reconstruction dentistry, shares the evolution of the digital lab workflow's effect on restoration quality, predictability and profitability. A defined work flow creates synergistic relationships with oral surgeons, orthodontists and restorative dentists.

Understanding the Changing Dentist-Laboratory Relationship

Jimmy Fincher, CDT
Presented by Planmeca USA, Inc.
3 – 4 p.m. | Course Th563

The dentist-dental laboratory relationship has changed and continues to evolve dramatically and rapidly. The communication channels are more robust, materials and technology have advanced and the roles we bring to the restorative process on behalf of the patient have changed. We'll take a deeper look at the various components of

the dentist-laboratory relationship communication, clinical materials/technology and roles, and see how looking at it with a new paradigm can reduce your stress, improve predictability and make you more profitable.

FRIDAY

Modern Dental Communication With Digital Keys to Success and Marketing Using Your Photographic Skills

Josh Polansky, CDT

10 – 11 a.m. | Course Fr564

Successful dentistry is a visual masterpiece, and communicating accurate dental shades provides the foundation for your dental laboratory to provide beautiful restorations for everyone. Josh will demonstrate the use of digital photograph in communicating shade to laboratory technicians as well as the use of digital photography in marketing your dental practice to patients. There is nothing more telling to a patient than beautiful successful dentistry you have completed on previous patients. His approach is very reachable even for the beginning photographer.

Central Incisor Demonstration

Yolanda Polansky, CDT and Rhonda Beeland, CDT

11:30 a.m. – 1 p.m. | Course Fr565

A live 90-minute head to head competition between Yolanda Polansky and Rhonda Beeland. They will be creating and matching a single central incisor crown under dental laboratory conditions. Come watch the impossible take place.

A Demonstration of GC Luster Paste and the Use of Digital Photography to Improve Our Daily Work

Al Hodges, CDT

1:30 – 2:30 p.m. | Course Fr566

Using GC luster paste shading systems; Al will demonstrate the dynamic and cosmetic shading of both monolithic and layered crowns. His technique works well for fabrication, or for chair side shade adjustment. He also demonstrates why every technician and dentist should photograph their work daily for professional growth.

A New Approach to In-office Splint Fabrication, Using Lost Wax Technique in a Closed System

Jimmy Cassidy, DMD and Charles Cassidy, CDT

3 – 4 p.m. | Course Fr567

Come see the demonstration of an extremely fast and accurate technique to fabricate an in-office splint for your TMJ and restorative patients. Utilizing the lost-wax technique is the most accurate way to fabricate an occlusal splint. Using a closed system during fabrication is more efficient and leads to a more predictable "end product". It also offers the clinician a faster and more stream-lined delivery, with fewer adjustments. A step-by-step technique will be demonstrated during the table clinic.

Fundamentals of Bonding LISI Press and Gradia Gum to High Performance Polymer

Bill Marais, CDT

4:30 – 5:30 p.m. | Course Fr568

With great new materials reaching dentistry at a rapid pace, Bill has pioneered new techniques for hybrids, implant abutment crowns and resin bonded crowns. During his demonstration Bill will demonstrate how to color, connect and custom color pink composite these terrific new materials. This is a must see for any dentist and technician doing implants.

SATURDAY

Planmeca USA, Inc. and CEREC Chairside Demonstration

11:30 a.m. – 1 p.m. | Course Sa569

Come and see a one of a kind, side by side, live competition of CEREC versus Planmeca USA, Inc. Each competitor will have the opportunity to scan, design, mill and fit the exact same tooth on an attending patient for your viewing and evaluation. You will be able to efficiently compare and contrast the similarities and differences of two of the leading dental CAD-CAM systems on the market today in a live demonstration.

Total Health Pavilion (No Fee CE)

Connect the dots between oral health and total health.

Visit the Pavilion on the exhibit floor located in Booth 1553 next to the Table Clinics.

What Your Mouth Says About Your Diet

Nancy Anderson, MPH, RD, CSSD

Thursday, 11:30a.m. – 12:30 p.m. | Course Th550

This session examines the link between diet and oral health, including the role of key nutrients across the lifespan, nutrition-related diseases and disorders, emerging science related to gut health and immune function, and the role of inflammation and the dietary factors that mitigate it.

The Enemy Within

David Meinz, MS, RDN, FAND, CSP

Thursday, 3:30 – 4:30 p.m. | Course Th551

Saturday, 10 – 11 a.m. | Course Sa552 and again at
11:30 a.m. – 12:30 p.m. | Course Sa553

FACT: Heart attack and stroke are the NUMBER ONE KILLER of dentists, hygienists and other dental professionals.

- Did you know that half of all heart attacks happen to people with normal blood cholesterol levels!? Many of them have normal blood pressure, don't smoke, aren't overweight and exercise regularly, too.
- Did you know you can pass a stress test and still have a heart attack? Surprisingly, you usually only fail the test once your coronary arteries are about 70% blocked! Do you really want to wait that long?
- Did you know HALF the people who die from a sudden heart attack or stroke had NO symptoms before that? Don't be one of them. And ladies, cardiovascular disease now kills more women than men.

Speaker David Meinz will be discussing the benefits of the CIMT test offered at Hinman this year for \$125 and what the results mean to you during each of his presentations.

Don't Break Your Heart

John D. Puskas, MD, MSc, FACC, FACS

Professor of Cardiothoracic Surgery, Icahn School of Medicine at Mount Sinai, Chairman, Department of Cardiothoracic Surgery, Mount Sinai St. Luke's, Mount Sinai Beth Israel and Mount Sinai Roosevelt
Friday, 10 – 11 a.m. | Course Fr554

A world-renowned leader in cardiothoracic surgery will present recent advances in cardiovascular care which impact you as well as your patients. This presentation will include updates on the guidelines for oral antibiotic prophylaxis as well as the management of patients on novel oral anticoagulants. Learn about the advances in cardiovascular therapies which affect your dental patients and their care.

Airway in the Developing Child, What Every Dental Professional Should Know

Michael Sebastian, DMD, MSD

Friday, 11:30 a.m. – 12:30 p.m. | Course Fr556

Sleep apnea is the current hot topic in dentistry. Did you know children can suffer the same negative health effects of sleep apnea as adults? Eighty percent of children with sleep disorder breathing go undiagnosed. The dental profession team can play a key role in diagnosis, treatment and referral of children with sleep disorder breathing helping to alleviate the long term consequences.

Diabetes 101

Carole Helms, American Diabetes Association

Friday, 1 – 2 p.m. | Course Fr555

Hear about the rising diabetes epidemic in America and learn how to lead a healthy lifestyle to both prevent or manage Type 2 diabetes. Helms is a 20 year veteran of the American Diabetes Association and will enlighten attendees with what can happen if complications of diabetes are left untreated, and how you can help prevent those complications in yourself, your families and your patients. Learn how oral health can also play a role in detecting diabetes, and some tips on how you can assist patients who may not be managing their diabetes.

Office Design and Construction: Hear from a Panel of Experienced Dentists Thursday, 1 – 3 p.m., GWCC, A406

Are you considering building or renovating a new office space? Attend a panel discussion with Hinman members who have just gone through the process of designing and building out a new or existing office space.

Ask the questions of these dentists who have so much to share from their own experiences with permits, handicap accessibility, design and equipment, time tables, financing, etc.

Come learn valuable lessons from knowledgeable colleagues and benefit from their experience!

ACCREDITATION & CONTINUING EDUCATION CREDIT

The Thomas P. Hinman Dental Meeting has carefully selected all lecturers, exhibits and exhibitors to present at the 2017 Hinman Dental Meeting. The contents of any particular program, lecture, exhibit or handout are the responsibility of the respective lecturer or exhibitor presenting such material. The Hinman Dental Society does not endorse or approve any materials so presented.

The Hinman Dental Meeting utilizes a computerized accreditation process. Hinman provides one hour of credit for each hour of lecture, unless indicated under the course description. Use your name badge and four-digit completion code to process your CE credit while on site.

Continuing education credits can be processed and certificates printed during the meeting:

1) Exhibit Hall CE Printing Station

Thursday: 9:30 a.m. – 5 p.m.

Friday: 9:30 a.m. – 6 p.m.

Saturday: 9:30 a.m. – 3 p.m.

2) Registration Hall

Saturday: 1 – 5:30 p.m.

Approved PACE Program Provider FAGD/MADG credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. 6/1/2014 to 5/31/2017. Provider ID# 219082

Avoid the lines!

Verify your CE on the Hinman app and e-mail certificates to yourself for printing at home.

BUSINESS CENTER

Georgia World Congress Center - A full-service business center, operated by FedEx Kinkos, is available inside the main entrance of the GWCC. The following services are available for a nominal fee: copy service, fax service, Internet access, office supplies, notary service, packing and shipping.

Friday, March 24

- 9:30 a.m. Hall Opens
- 11 a.m. – 3 p.m. Hinman Eatery Hours
- 11 a.m. – 2 p.m. Table Clinics
- 3 – 6 p.m. Table Clinics
- 6 p.m. Hall Closes

Saturday, March 25

- 9:30 a.m. Hall Opens
- 10 a.m. – 2 p.m. Hinman Eatery Hours
- 10 a.m. – 1 p.m. Table Clinics
- 3 p.m. Hall Closes

EXCLUSIVE EXHIBIT HALL HOURS

Thursday from 3 – 5 p.m.

Join us in the Exhibit Hall for dedicated one-on-one networking and shopping time with over 400 exhibiting companies. Free CE will be available in the Table Clinics area, Total Health Pavilion and our new Learning Lab Co-Op.

Hinman Dining Dollars

Save a dollar each day by using the Hinman Dining Dollar coupons found on page 79. The coupons are good for one dollar off per day at the eateries conveniently located in the top left and bottom right corners of the Exhibit Hall.

CE Printing Stations

Located near the Hinman Eatery on the left side of the Exhibit Hall. Stop by the stations to print your CE Certificates. You can also record your CE in the Hinman App and email the certificates to yourself for home printing if this is more convenient.

what's happening IN THE EXHIBIT HALL

CONTINUED

Hinman E-Daily

Check your inbox daily for updates on all things Hinman. This daily e-newsletter includes information on the day's activities and photos from the previous day's events. Subscribe to our email list in the Hinman App under "Social" or visit Hinman.org if you are not receiving the Hinman E-Daily!

Free Wi-Fi

Take advantage of free Wi-Fi offered in the Exhibit Hall and, new this year, throughout buildings A and B of the GWCC. This service is sponsored by

Hinman Marketplace

Relax and unwind with some well-deserved retail therapy at the Hinman Marketplace. Check out non-dental exhibitors located in the left corner of the exhibit hall next to the Eatery. Stop by while you are in the hall or on your way to and from your courses.

Power Lounge and Charging Station

Visit **Booth 753** to charge your device and take a break with a free coffee, compliments of **Hinman Housing Powered by EventSphere**. Coffee will be available each day 9:30 – 11 a.m. and Friday from 1 – 3 p.m. Stop by during exclusive hall hours on Thursday from 4 – 5 p.m. for snacks and to book your 2018 hotel room.

#myhinman

Not sure how to tell your story?

We are here to help. Visit the Hinman PR committee in Booth 754. Located across from the attendee lounge, the PR committee will snap your pictures, film your quick videos and photo bomb your selfies. Each time a story is shared with the #MyHinman hashtag, Hinman will make a donation to a scholarship bank for three deserving students.

Vote for which school(s) will receive the scholarships at Hinman.org/myhinman. Record and post a short video for a chance to win \$500 daily at Hinman.

#MYHINMAN

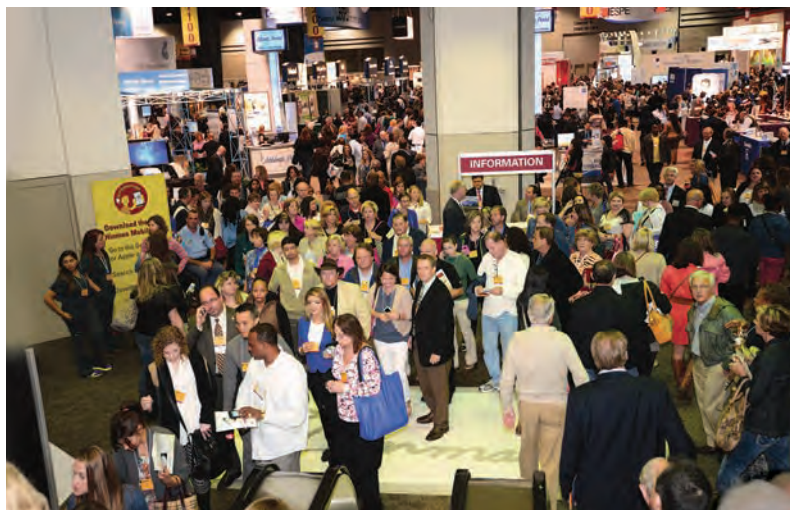

Table Clinics

Located at the end of the 1900 aisle, Table Clinics are complimentary, scientific tabletop presentations that are each approximately 10 minutes in length and given by volunteers from the dental community. Receive one hour of continuing education credit for each hour you spend in the Table Clinic Area.

To record your time, pick up a stamped card at the Table Clinic Desk when you enter the area and receive your CE code as you exit.

The Table Clinic schedule is listed on pages 30.

Booth 137

For the 2017 Hinman Dental Meeting, Hinman is partnering with Share Our Strength, a national anti-hunger organization working to end child hunger in America. Share Our Strength's No Kid Hungry campaign is focused on a future where kids have access to the healthy food that they need all year long. Visit **Booth 137** for activities, education, celebrity chefs, cooking demonstrations and cookbook signings each day.

Every kid. Healthy food. Every day. That's Share Our Strength's promise. And that's how we'll end childhood hunger, by ensuring that no matter the time of day, or time of year, we'll be there for kids. No Kid Hungry connects children in need to programs like school breakfast and summer meals, and teaches low-income families to cook healthy, affordable foods. Working together with local organizations around the country, we generate the will and skill to help communities feed children in need every day of the year.

Feeding Kids Where They Learn

Today, too many kids know what it's like to open their textbooks with an empty stomach. Studies confirm that when a hungry child eats breakfast, they have better attendance, improve in math and are more likely to graduate from high school. No Kid Hungry works with schools across the country to make sure every child starts the day with a healthy breakfast.

Feeding Kids Where They Play

Most kids look forward to the carefree days of summer, and can be certain there's a snack waiting for them at home when they get out of school. But, for the 1 in 5 American children facing hunger, the end of school can be a time of uncertainty. It's also hard on low-income families, who see already tight budgets stretched and strained. No Kid Hungry works to expand the availability of meals for kids who need them in the summertime and after the school day is over.

Feeding Kids Where They Live

Our signature Cooking Matters program teaches families to shop smarter, make healthier choices and cook delicious, affordable meals. Cooking Matters has been featured by First Lady Michelle Obama's Let's Move! campaign and recognized by the U.S. Department of Agriculture for excellence in nutrition education. Cooking Matters courses and grocery store tours provide families with the skills they need to maximize their food budgets and put healthy meals on their tables, every day.

Join Us

Across the country, we're transforming communities by giving kids the healthy food they need. Working together, we can end childhood hunger in America. Join us at NoKidHungry.org and **Booth 137**.

FRIDAY, 3 – 5 p.m.

Cynthia Graubart is a food writer, James Beard Award winning cookbook author, speaker, former cooking show television producer, and most-recently the author of *Chicken: A Savor the South™* cookbook (UNC Press), a treatise containing essential information for the home cook, humorous anecdotes and 53 wonderful recipes for both southern and international chicken dishes.

SATURDAY, 11 a.m. – 1 p.m.

Chef Virginia Willis is a James Beard award-winning cookbook author, food writer, media personality, and culinary influencer. She is one of the most respected voices on Southern foodways and the author of "Cooking with Virginia" for Southern Living.

Visit Booth 1743 for free giveaways! Doctors and hygienists get a free patient blanket for your practice. Gloves are \$3.85 with free shipping always - get locked in today! Guaranteed lowest pricing forever!

Kavo Kerr 1407

Buy two pieces of equipment; receive one (lesser/equal value) free. Buy TFAdaptive Kit; receive M4HP free. Buy 100 packs of NiTi files; receive motor free. Buy M4; receive 25 packs of handfiles free. Buy an Apex ID; receive Endo Access Kit free. Buy a MiniEndoll; receive four tips free.

Lighthouse PMG, LLC 626

Lighthouse is waiving setup fees for all attendees who purchase at the Hinman Dental Meeting. Visit Booth 626 to learn how Lighthouse can help your practice save time, reduce no-shows and keep your schedule full.

Microflex®/Ansell 1549

Microflex® Ultraform® - Buy 8 Get 2 Free. Microflex® XCEED® - Buy 9 Get 1 Free. Microflex® Neogard® - Buy 8 Get 2 Free. Microflex® Midnight® – Buy 9 Get 1 Free.

#myhinman 754

Tell us your “My Hinman” story! Post a short video or a photo (with the #MyHinman hashtag) on social media sharing a Hinman memory, story or just what you like best about Hinman for a chance to win **one of five \$500 CASH** prizes. We will make a donation to a scholarship bank each time a video or photo is shared with the hashtag #MyHinman.

OraCoat XyliMelts (OraHealth Corp.) 846

Stop by OraCoat Booth 846 and we will scan your badge to send you 40 free XyliMelts for dry mouth sample brochures, a \$20 value.

Orofacial Therapeutics 1644

QuickSplint works similarly to an anterior deprogrammer, preventing contact between posterior teeth, interrupting occlusal memory and allowing the peri cranial musculature to relax and recover. Unlike other anterior deprogrammers, QuickSplint distributes occlusal forces across eight anterior teeth, making QuickSplint more comfortable for the patient, providing complete anterior coverage and protection.

Panadent Corp. 605

20% off Panadent Kois Package A (complete) or Kois Package B (simple) for all Hinman attendees!

Reimbursity Medical Billing 539

We are your complete outsource medical billing company for dentists. We are offering all Hinman attendees 50% off our initial setu-up fee and two free months of support when accounts are activated at the show (\$1750 value). Come by Booth 539 for more details.

Salvin Dental 319

“Everything For Your Implant Practice But The Implants” Stop by our booth and review our ever expanding line of products designed to enhance your level of effectiveness and deliver the clinical results that you and your patients expect: surgical and restorative instruments, small equipment and regenerative materials.

Solutionreach. 1443

Solutionreach is proud to offer an in-booth special for the Hinman show! Visit Booth 1443 to learn about our \$1 activation fee!

Southern Dental Instruments. 709

\$90 for 1 set of the C-Shape instrument. Includes 100 of each tip and 1 handle. Buy 3 sets gets 1 handle for free. Ask about our Student special. Student ID required.

SurgiTel/General Scientific Corp. 736 & 1345

Bring this book to Booth 1345 and receive a free strap for glasses or loupes (while supplies last).

Ultradent Products, Inc. 837

Stop by Booth 837 for \$250 off the new VALO Grand curing light, exclusively from Ultradent. It’s the same power, accessibility and durability as the original VALO curing light, now with a 50% bigger lens.

Vector Research & Development. 23

Vector R & D Inc. is the exclusive distributor of the MaxRay Mobile X-Ray system in the United States. The unique camera-style design greatly improves positioning and speed. Say good-bye to “time-outs” between shots. Available in black or white, unit now includes two batteries. Suggested retail \$5,500. Come see us at Booth 23.

Web.com 627

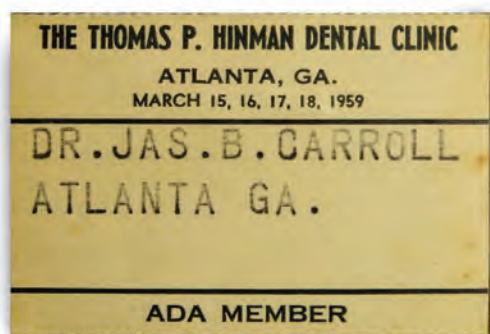

As a proud sponsor of the PGA Tour, Web.com is offering two free tickets to a PGA Tour event of your choice with any purchase made at the Hinman Dental Meeting. Visit our team at Booth 627 to learn how Web.com can help your practice compete and succeed online.

TABLE CLINICS

Table Clinics are complimentary table-top presentations, which are 10 minutes in length and are given by volunteers from the dental community. Receive a code for one hour of continuing education credit for each hour you spend in the Table Clinics area. Pick up a stamped card at the Table Clinics desk when you enter the area and receive your CE code as you exit for the time you spent listening to Table Clinic presentations. Enter behind the 1900 aisle.

Session A: Thursday, 10 a.m. – 1 p.m.

Dr. Corey Carroll, Columbia, SC
- C10** Computer Aided Design of a Fixed Dental Prosthesis
Dr. Thomas Shealy, Cayce, SC
- C11** Regenerative Endodontics and Stem Cell Based Therapy
Dr. Ryan Rose, Cayce, SC
- C12** The Use of FACE Technology for Detecting Infected Dentin in Deep Dentinal Lesions, an In-vitro Study
Dr. Leslie Trippe, Apex, NC
- C13** Dual Path Rotational Denture: A Practical and Esthetic Result
Dr. Michael Hognlund, Sneads Ferry, NC
- C14** A Precise and Efficient Method of Fabricating and Delivering Full Mouth Provisional Restorations: Cast to Mouth
Dr. Hee Young Hwang, Sneads Ferry, NC
- C15** Air Rotor Stripping for the General Practitioner
Dr. David Burr, Tall Timbers, MD
- C16** Efficacy of Oral Adjunct Treatments Against Multi-Species Biofilm
Ms. Kerri Simpson, Morgantown, WV
- C17** To Premedicate or not to Premedicate, that is the Question: An Exploration of Recommendations and Practices from Medical and Dental Professionals
Ms. Ashley Fisher, Ms. Meredith Fryar & Ms. Rachel Hubbard, Carrollton, GA

Session C: Friday, 11 a.m. – 2 p.m.

CONTINUED

- C18** Anterior Maxillary Reconstruction After Electronic Cigarette Explosion: A Case Report
Dr. Jeremy Gies, Beaufort, SC
- C19** Treatment and Management of Post-Orthodontic White Spot Lesions
Dr. Mark Musicaro, Fayetteville, NC
- C20** Implant Survival Rates
Dr. Vincent Ferretti, Norfolk, VA
- C22** Painless Dental Anesthesia
Dr. Chris Evans, Fort Benning, GA
- C23** Botox Dental Therapeutic Uses
Dr. Iketria Byrd, Columbus, GA
- C24** Cold Sore and Dental Treatment
Dr. Benjamin Byington, Ft. Benning, GA
- C25** Impression Materials and Techniques
Dr. Tyler Gregory, Fort Benning, GA
- C26** Trick and Treat: Tips for Daily Practice
Dr. Yung-tsung Hsu, Birmingham, AL
- C27** Surgical Repositioning of Impacted Teeth and Bonding Results After 30 Years
Dr. C. Ray Holmes & Ms. Clara Holmes, Greensboro, NC

Session D: Friday, 3 – 6 p.m.

- D1** Let's Talk About Sex
Ms. Alexandra Estill & Ms. Morgan Callari, Rome, GA
- D2** Tetraspanin Gene Expression in Oral Squamous Cell Carcinoma Tissue
Dr. Ammara, Ghafoor, Memphis, TN
- D3** The Effects of Racial Ethnicity Disparities in Salivary Flow Rate Among Dental Patients at Meharry Medical College, School of Dentistry
Ms. Elizabeth M. Alston & Ms. Raven Alexander, Nashville, TN
- D4** Chlorhexidine and Dentin Bonding
Dr. Jae Lim, Columbus, GA
- D5** Dycal vs. MTA in Pulp Capping
Dr. Sarah Vargas, Columbus, GA
- D6** Rubber Dam vs. Isolite
Dr. Anthony Nguyen, Columbus, GA
- D7** Sulcular Retraction Methods
Dr. Amanda Torsney, Columbus, GA
- D8** Painless Dental Anesthesia
Dr. Chris Evans, Fort Benning, GA
- D9** Botox Dental Therapeutic Uses
Dr. Iketria Byrd, Columbus, GA
- D10** Cold Sore and Dental Treatment
Dr. Benjamin Byington, Ft. Benning, GA
- D11** Impression Materials and Techniques
Dr. Tyler Gregory, Fort Benning, GA
- D12** The Physical Properties of ZnPO₄, RMGI and Resin cements as they Relate to Cementation of Implant Crowns
Dr. Drew King, Augusta, GA
- D13** Small Molecule Inhibition of Matrix Metalloproteinases; a Promising Therapeutic for Chronic Periodontitis
Mr. Andrew Gross, South Jordan, UT
- D14** Correlating Reflective Exposure to LED Light with Various Loupe Magnifications
Mr. Alexander Gomes, Boston, MA
- D15** Assessing the Potential of 3D Imaging and CAD/CAM in Treatment of Cleft Palate Patients
Mr. Miles Ware & Ms. Sarah Beth Ray, Charleston, SC
- D16** The Non-Odontogenic Toothache - Myofascial Pain
Dr. Allen J. Davis, Fort Campbell, KY
- D17** Cheiloscopy—A Forensic Investigation
Dr. Pavani Priyanka, Karri & Dr. Pranusha Dubbaka, Cumming, GA
- D19** SonoDent GentleWave
Dr. Jason Umbach, Fort Campbell, KY
- D20** Bulk-Fill Composites
Dr. Mark Rehermann, Fort Campbell, KY
- D21** Flapless Anterior Implant Placement with a Connective Tissue Graft and Immediate Temporization
Dr. Jonathan Voге, Fort Campbell, KY
- D22** PTSD and Bruxism
Dr. Paul Kim, Fort Campbell, KY
- D23** Esthetic Dental Implant Temporization Using the Crown of a Patient's Natural Tooth
Dr. Aimee Aukerman, Fort Campbell, KY
- D24** Maxillary Molar Immediate Implant with Custom Anatomic Healing Abutment
Dr. Ilya Lapin, Fort Campbell, KY
- D25** Indications for a Cast Post and Core
Dr. Dustin Connor, Fort Campbell, KY
- D26** Kovanaze Nasal Spray and Anesthesia of Maxillary Anterior Teeth
Dr. David Flanders, Fort Campbell, KY
- D27** Surgical Repositioning of Impacted Teeth and Bonding Results After 30 Years
Dr. C. Ray Holmes & Ms. Clara Holmes, Greensboro, NC

Session E: Saturday, 10 a.m. – 1 p.m.

- E1** Can we Avoid a Lingual Nerve Injury?
Dr. Somsak Sittitavornwong, Birmingham, AL
- E2** Decision-making at Evaluation of Initial Periodontal Therapy
Dr. Sam Malkinson, Montreal, QC, Canada
- E3** The Use of FACE Technology for Detecting Infected Dentin in Deep Dentinal Lesions, an In-vitro Study
Dr. Leslie Trippe, Apex, NC
- E4** Let's Talk About Sex
Ms. Alexandra Estill & Ms. Morgan Callari, Rome, GA
- E5** Air Rotor Stripping for the General Practitioner
Dr. David Burr, Tall Timbers, MD
- E6** Patient Care and Dental Student Clinical Education; Impact of Integrating OB and Oral Health
Dr. Melanie Mayberry, Detroit, MI
- E7** The Utilization of the Leukocyte Platelet Rich Fibrin Technique for Tissue Stimulation
Dr. Joseph Evans, Ms. Kyndall Hudson & Mr. Parth Desai, Bowling Green, KY
- E8** Does White Spot Lesion Cause Enamel Damage from Bracket Debonding?
Mr. Michael Estivo, Memphis, TN
- E9** Socket Preservation Using Allostem® Bone Graft Containing Adipose Mesenchymal Stem Cells: Comparison with Conventional Bone Grafting Technique
Ms. Adiha Khan, Memphis, TN
- E10** Current Trends in Peripheral Nerve Reconstruction Surgery
Dr. Donald Craig Taylor & Mr. Atijah Collins, Augusta, GA
- E11** Layering Technique and Operator Experience on In-Vitro Marginal Adaptation
Dr. Mario Romero, Dr. Fernando Haddock & Dr. Roger Arce, Augusta, GA
- E12** Treatment and Management of Post-Orthodontic White Spot Lesions
Dr. Mark Musicaro, Fayetteville, NC
- E13** Bone Grafting Technique Utilizing PRP
Dr. David Han, Dr. Phil Walton & Dr. James Reilly, Atlanta, GA
- E14** Nursing Home Dentistry
Dr. Lawson Schroeder, Stone Mountain, GA
- E15** Properties of Cements for Luting Zirconia and for Bonding Zirconia Restorations
Dr. Adam Coleman & Dr. Edward Crosland, Augusta, GA
- E16** Bone Healing: Clinical Applications
Ms. Catherine Chou & Dr. Yung-Tsung Hsu, Atlanta, GA
- E17** Chemical Components of Resin Cements for Bonding Porcelain Veneers
Dr. Ryan Burroughs, Dr. Andrew King & Dr. Adam Coleman, Augusta, GA
- E18** Shade and Contour Management in Anterior Composites
Dr. Sarah Wood & Dr. Fernando Astorga, Aurora, CO
- E19** Proteomics in Early Detection of Oral Cancers
Dr. Nilu Bhadani, High Point, NC
- E20** Peri-Implantitis for the General Dentist
Dr. McKinley Soult, San Antonio, TX
- E21** SSC Placement Utilizing the Hall Technique
Dr. Daniel Fuhrmann, San Antonio, TX
- E22** Single Tooth Implant Restorations: Screw-Retained versus Cement-Retained
Dr. Jinyoung Kim, San Antonio, TX
- E23** Treatment of White Spot Lesions with Resin Infiltration
Dr. Jonathan Kruze, San Antonio, TX
- E24** Oral Effects of Oil Pulling
Dr. E. Lauren Morris, San Antonio, TX
- E25** Silver Diamine Fluoride: An Interim Therapy in Pediatric Dentistry
Dr. Teneshia Nelson-Hodges, San Antonio, TX
- E26** Applications of Bioceramic Materials
Dr. Prescott McWilliams, San Antonio, TX
- E27** Dental Effects of Erythritol and Xylitol
Mr. Yu Jen (Allan) Su, Montevallo, AL

OraCoat

XyliGel®

for dry mouth and tooth decay

Dietary supplement gel with
17% Xylitol buffered to **pH 7.4**

**Visit Booth 846 for a
FREE Sample of XyliGel.**

All-natural
Vegan
No preservatives

Soothing gel to relieve dry mouth and very low levels of saliva

- For dry mouth or lips: coats, soothes, lubricates, and stimulates saliva*
- For tooth decay: neutralizes acids and reduces plaque*
- Non-acidic potassium phosphate buffered to pH of 7.4 to neutralize acids in the mouth**

Get Relief from Neck Pain with Ergo Max Loupes

SurgiTel[®]
1-800-959-0153 www.SurgiTel.com

Booth #1345

Clinicians Report* August 2016:

"Loupes can immediately improve posture, if proper measurements are selected."

"Greater declination angles reduce head tilt, improve neck posture and reduce muscle / ligament strain."

Clinicians Report* August 2016:

"Some modern frames (pictured: Ergo Max by SurgiTel) offer improved declination angles (notice the slant of both lenses and frame, allowing the optics to decline more)."

**Bring this ad to Booth #1345 for a
Free Strap for Glasses or Loupes**

(while supplies last)

*An independent, non-profit, dental education and testing foundation, Clinicians Report[®], August 2016. For the full report go to www.SurgiTel.com/CR

EARasers by Persona Medical **2122**

170 N Cypress Way
Casselberry, FL 32707
407-339-2422
earasers.net

Dental drills and Mr Thirsty are known to generate excessive high frequencies, that over time can cause damaging hearing loss and tinnitus. They mostly generate noise above 2kHz, and that is where Earasers Dental Earplugs provide the most protection: between 2kHz-8kHz. Earasers allow voices to come through the filter, but reduce the NOISE! We guarantee these will work and that you can wear them all day with absolute comfort. Reusable and renewable for long-term use and affordability.

BruxZir®
FULL-STRENGTH
 — SOLID ZIRCONIA —

6-Year Independent Clinical Study Results

Translucent Zirconias: Tooth Reduction and Chairside Adjustment Issues (Continued from page 1)

1. What we have learned about zirconia over the past 11 years (Continued)

B. Full-strength BruxZir zirconia formulation in molar crowns at 6 years of clinical service

1. Fracture at 6 years of full-strength BruxZir zirconia = 0%. The BruxZir cases received minimal tooth preparation (<1.0mm occlusal reduction with a slight chamfer margin), RMGI cementation, and subjects with bruxing/clenching habits.

2. Full-strength BruxZir zirconia molar crowns at 6 years show:

- Most durable of 118 white materials in clinical trials performed by this lab in the past 40 years
- Transformation toughening that stops cracks as demonstrated by scanning electron microscopy
- Tolerates minimal tooth preparation
- Tolerates bruxing/clenching
- No negative influence on occlusion over 6 years (no changes in muscles, joint, or local tooth mobility)
- Low biofilm retention
- Zero debonds at 6 years with simple wash/dry after try-in and RMGI cementation (RelyX Luting Plus; 3M)
- Esthetics adequate, but not excellent
- Excellent biocompatibility
- Receives some wear from all types of dental materials and from enamel; receives more wear than it delivers on opposing dentition (per measurement and monitoring of wear facets over 3 years: Christensen, RP, et al, J Dent Res Vol #93(A): #186275, 2014.)

3. Indications for full-strength BruxZir zirconia:

- Posterior tooth restoration
- When minimal tooth preparation is desired
- Bruxing/clenching patients
- Those engaged in accident prone activities, ie: athletes
- When maximum longevity is preferred over optimal esthetics
- Multi-unit all-ceramic restorations

This official reprint may not be duplicated. This reprint is prepared by CR for the purpose of providing dental clinicians with objective information about dental products.
