FAQ**How soon will I have access to my presentations?**

After you place your order, you will receive an email from Playback Hinman which includes your login information to access your Playback account. Once you log in, you will have access to stream or download your recordings as soon as they are available. Most sessions will be available 24–48 hours after they occur. To access your online recordings, you MUST always login to your account.

When will I have access to the handouts or reference materials?

Presenter handouts will be available online 7–10 days after the conference.

What is the fastest way to access my presentations?

MP4 AudioPoints are video files that feature session audio synced with PowerPoints for a virtual re-creation of the presentation. ⁴Unless noted, the file will NOT include the video of the actual presenter, just the PowerPoints.

What are other advantages to the USB Flash Drive?
