## President's Message

### 2020: We Didn't See That Coming!

Dr. Sedgie Newsom

Wow! What a year we've had! The Masters in November. Partial seasons in football. The inability to physically get together with our friends and loved ones, which is the true essence of our human nature, has led to a new norm of Zoom meetings with friends and family.

We've had to drastically change the way we practice dentistry, the way we socialize, the way we interact with our families, the way we get our continuing education and the way that we conduct all of our Hinman business. And that's just the tip of the iceberg.

During these unprecedented times, remember that this too shall pass.

As you all know, we've decided to proceed with our March Meeting in a hybrid format with both in-person and virtual components. Dr. Bob O'Donnell, our 2021 Chair, along with his Program Chairs, Drs. Jane Puskas and William Rousseau, have been meeting with the Hinman staff every week, fine-tuning and re-inventing our Meeting in the era of COVID-19. All signs point to this being an outstanding meeting that will keep our beloved Society at the forefront of dental meetings across the country.

We will have a great gathering at our Annual Meeting at The Omni Grove Park Inn June 3-6, 2021 as a way to celebrate all the hard work that I'm sure will result in a successful 2021 Hinman Dental Meeting. Reservations are now open for our group, so book your room through the Hinman website to take advantage of the reduced rates. I'm sure by June, we'll all be ready for some family fun, including our famous Hinman Bingo! I look forward to seeing you in Asheville!

I'm so pleased that we've had such great participation in our first two Hinman Society meetings this year with viewership in the high 200s. At our first meeting, Charles Loretto gave us insight on navigating the CARES Act and PPP waters. At our most recent meeting, Tom Viola was so entertaining and instructive in his presentation, "It's Medically Complicated." That course was a meat and potatoes lecture full of great information that we could take back and use in our practices.

Our next Hinman Society meeting will be Thursday evening, January 21, 2021 and will be a virtual event. We are so fortunate to have Dr. Roger Levin as our speaker, a nationally known and highly engaging dental consultant. We traditionally bring our staffs to this lecture. You can still do that! Why not order a nice dinner for you and your staff that evening after work on Thursday, and enjoy the time together as a good team building experience? It'll be a fun evening. Needless to say, your staff will appreciate the kind gesture!

Remember, one of the membership requirements of our Hinman Dental Society is to attend at least one of the Society meetings during the year. If you haven't signed up for Dr. Levin's lecture, please do so and add your staff.

I want to thank Dr. David Anderson for his outstanding job serving as my right hand and Program Chair this year. Great work, David!

Finally, I want to share what a terrific job our new Executive Director, Annette Sullivan, is doing with the Society. Annette has caught on beautifully and is getting fully up to speed with all of the intricacies

of our Society. If you've ever wondered how Hinman would exist without Sylvia as our ED, rest assured that thanks to Sylvia's excellent tutelage, the baton will be passed to Annette as seamlessly as a Gold Medal Olympic relay team.

As 2020 comes to a close—Thank Goodness!—and as we reflect on what we've all endured and survived, we have to realize just how blessed we are to be healthy, to practice the great profession of dentistry and to be members of Hinman, the most prestigious dental society in this country. There are challenging times ahead with COVID cases significantly on the rise, but with due diligence in our day-to-day lives and with the arrival of vaccines, we will be stronger from our mutually shared sacrifices. We just have to hang in there a little longer!

As I've said before, we must embrace the long view. I hope you all have a wonderful holiday season and remember, 2020 will soon be in the rear view mirror!

## General Chair's Message

### Here's to Hinman 2021

Dr. Bob O'Donnell

Happy New Year to the Hinman family! Aren't we all anxious to put 2020 behind us now and forge ahead to a new year which promises to improve upon all that we experienced last year? As I write this article for our last membership meeting of the year, I think back on the year that has passed and reflect on all the changes we have endured together. In reviewing the article I wrote one year ago, I was reminded of how excited we were to be so close to last year's Meeting. After more than three years of planning, everything was finally set – all the committees had been trained with their assignments; speakers were making final edits to their presentations and travel schedules; and all the behind-the-scenes details were being expertly fine-tuned. The anticipation of yet another "Best Hinman Ever" was felt, thanks to our superb Hinman staff and the dedication of our 800 Hinman members, each one promising to do whatever it takes to make the Meeting a success. I miss those days.

Last March, just one week before our meeting was to be held, we made the difficult decision to cancel our meeting due to the COVID-19 global pandemic.

Hinman has always been proud to set the example by doing the right thing. Hard decisions can often be that simple – doing the right thing.

I'll bet many of you are tired of online CE and Zoom meetings – I know I am! This is why, in true Hinman fashion, we aim to be one of the first meetings to offer in-person classes and events once again. Registration for Hinman 2021 will be open the first week of January with more than 40 courses online and more than 45 courses in-person at the Omni Hotel.

History will show that only one other annual Hinman Dental Meeting was cancelled in 1933, due to the Great Depression. After we cancelled the Hinman 2020 Meeting, others across the country followed our example.

As Hinman members, your committee assignments and obligations will be coming soon. I encourage all members and staff to participate in the in-person CE to the extent that you are comfortable. It will be a great opportunity to learn, socialize and network with friends again. Health and safety precautions will be met, masks will be worn and social distancing will be enforced.

Our Hinman staff has been tirelessly working, expertly and diligently, in uncharted territory,

to produce another "Best Hinman Ever." The work they are doing now will benefit Hinman in future years, as we learn to offer online courses to expand the Hinman brand of high quality presentations.

Like each of you, I'm looking forward to this new calendar year. I often reflect on the importance of faith and family. I consider it a

blessing that the business of dentistry is considered "essential." Together, we are learning to cope with the new, but not-so normal, world and we are adapting and learning to thrive in it. Now more than ever before, I look forward to the simple gathering of friends.

Here's to Hinman 2021! All the best,

*Bob*

Happy New Year! A lot has changed since the COVID-19 pandemic began, but our commitment to bringing you world-class CE and exhibits is the same. What you can expect this year:

- More than 45 in-person courses at the Omni Hotel at CNN Center
- More than 40 virtual courses including live Q&A with the speaker on March 12 and 13
- Virtual courses available on-demand until April 12
- Exhibit halls provided virtually and in person at the Omni Hotel
- Attendees are expected to wear masks and follow social distancing guidelines
- All-new "Hinman Studio" broadcasting live from Atlanta featuring interviews with industry experts and influencers
- Keynote Session featuring Col. Nicole Malachowski, USAF (Ret.) livestreamed Friday, March 12 from 12:30 – 1:30 p.m. with an in-person viewing party option

We look forward to seeing you in person or virtually...or both!

*Hinman*

**IN PERSON AND ONLINE**

## Hinman 2021 Committee Information

Hinman needs your support both virtually and in person for the 2021 Hinman Dental Meeting.

The in-person component of the Meeting will be much smaller than previous years. In-person assignments will take place at the Omni Hotel and Georgia World Congress Center. All attendees will be required to wear masks during the Meeting, and social distancing will be enforced.

Online assignments can be completed anywhere you have access to a computer and the internet. Duties will include monitoring course chats, answering attendee questions via online chat and/or video Zoom Rooms, and working closely with the Hinman Staff to offer other virtual platform support.

If you have not already done so, please complete the survey to share your availability over the two-day meeting (March 12-13), as well as your preference for an in-person or virtual committee assignment.

## Landmark Membership Presentations

For years, the leadership of the Hinman Dental Society has honored those members who have maintained their membership for 30 years with a commemorative Hinman lapel pin with three garnet stones. For those who have maintained their membership for 40-years, a marble plaque is presented. For those with 50-years of membership, a lapel pin with five purple stones, representing the color of dentistry, is presented. The significance of these recognitions is to formally thank and give distinction to those who have worked for many years to maintain and enhance the excellent reputation of the Society, as well as the Hinman Dental Meeting.

If you see any of these long-time, dedicated Hinman members, please congratulate them on their years of service and support.

- > Team Track
- > Exhibit Hall – Make sure to sign up for a two-hour timeslot

## VIRTUAL HIGHLIGHTS

- > Live Hinman Studio
- > Dueling Product Demonstrations
- > New Product Demonstrations
- > Virtual Exhibit Hall

## What Will the Hinman Exhibit Hall Look Like in 2021?

We will have two options for you to see your favorite vendors...an in-person and a virtual exhibit hall.

### In-Person Exhibit Hall

The in-person exhibition will look similar to our traditional hall, only smaller. This intimate exhibit hall will take place in the Grand Ballroom at the Omni Hotel. There will be approximately 70 booths. To safely attend the in-person exhibit hall, attendees will need to pre-register just like you register for a course. We need to minimize the number of people in the hall at one time so social distancing can be observed.

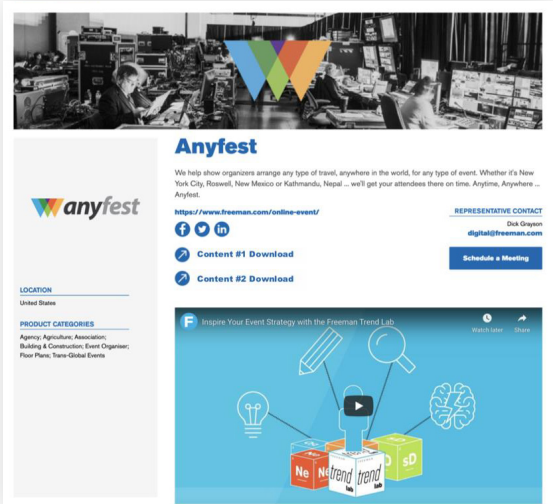

### Virtual Exhibit Hall

The virtual exhibit hall will have similar communication options you are used to with an in-person hall, only through your computer or favorite device. In addition, there will be some new and different ways to interact with virtual exhibitors.

## What can you do when visiting a virtual booth?

- > Video chat with an exhibitor.
- > Drop a business card with your contact information to be reached at a later time.
- > Get a sales rep's information so you can contact them.
- > Watch informational videos about their products or services.
- > Read brochures and white papers that exhibitors have posted in their virtual booth.
- > Matching capabilities - Are you looking for loupes or a new dental chair? Mark what you are looking for on your profile and the system will match you to the right vendors to maximize your time.

## 10 Powerful Strategies to Increase Production and Lower Stress

Practice success has been and always will be about systems, people and production. Systems are the pathway to ensuring excellent production, developing a highly trained team and maintaining a loyal and ever-increasing patient base. Your systems and team need to change to remain relevant and COVID-19 has accelerated that need exponentially. Systems now need to be updated faster than ever before. Your team needs to be trained and motivated to implement your updated systems. Your production will increase predictably and dramatically when you get the right systems and people in place.

This webinar will provide the pathway to achieving full recovery from the impact of COVID-19 and set you on course for the highest level of success in the future. It combines cutting-edge data, as well as a series of proven strategies to provide attendees the knowledge, skills and tools needed to help their practice recover faster, better and deeper.

Dr. Levin will draw on almost four decades of experience in the profession, along with information from the Levin Group Data Center and The Practice Success Targets – a key concept extracted from Levin Group Consulting Programs – to teach the essential foundations of practice success in the post-COVID-19 era. You will learn how to adapt your systems and help your team to meet the demands of today's radically changed dental environment.
