## President's Message

### It's Great to be Back

Dr. William Rousseau

None of us will ever forget the last 18 months. It began with the difficult decision to cancel Hinman 2020 only one week before the Meeting, followed by the conversion of all Society meetings to a virtual format. We were very fortunate to have had two very capable and dedicated leaders, Bob O'Donnell and Sedgie Newsom, as well as a very dedicated, flexible, hard-working Hinman staff to guide us through the pandemic. I'm sure you are as excited as I am about returning to "normal."

Jane Puskas and I had the privilege of working as Program Chairs for General Chair Bob O'Donnell assembling the 2020 Meeting. After the Meeting was cancelled, we immediately began trying to put the pieces back together for the Hinman 2021 program. As you can imagine, the plan changed on a weekly basis. We explored a number of different options, but Bob was dedicated to being the first dental meeting to return with live, in-person lectures. With Bob's unwavering leadership and the creativity of the Hinman staff, our hybrid meeting was a big hit. People were thrilled to be in person and were also happy to be able to view virtual classes for weeks afterwards. Thanks, Bob, for your leadership and your obvious love for Hinman!

Speaking of leadership, Sedgie Newsom agreed to serve a second year as Society President and was able to re-invent not only our Society meetings, but also add some other continuing education options for our members. Sedgie's presidency ended with a fun annual meeting at the Grove Park Inn. It was great to finally see Sedgie without a mask!

I am honored to become the 2021-2022 Hinman President. Hinman has always been a part of my life. My father is a lifelong member and a past General Chair. I fondly remember attending the annual meeting at Callaway Gardens as a child and also going to the Exhibit Hall when it was in the parking deck of the Marriott. Most of my closest friends are Hinman members, and my children grew up going to the annual meeting almost every year. I encourage each of you to get involved as much as you are able. You will not regret it.

Michael Leingang will be the Program Chair for the Membership Meetings this year, and he has assembled a great group of speakers. Dr. Mike Pruett, an MCG classmate of mine, will kick off our year on September 20, at the InterContinental Hotel in Buckhead. On November 15, Mr. John McGill will speak at the Crown Plaza Perimeter. For our final meeting of the year on January 20 we will return to the Georgia Aquarium. Please bring your staff to hear Dr. Uche Odiatu. All of our lectures begin at 4 p.m. and are followed by a brief business meeting, cocktails and then dinner. Remember, to fulfill your requirements for membership, everyone must attend at least one Membership Meeting per year.

Kate Robinson and her Program Chairs, Jim Roos and Randy Phillips, are currently putting their finishing touches on next year's March meeting. The very appropriate theme is "Navigating Dental Disruptions." Kate and her team have worked hard, and I know their efforts will result in a successful Meeting. The Hinman Dental Meeting is very special and unique because of the dedication of our members. Please remember to sign up for at least eight hours of service.

Finally, I would like to thank Sylvia Ratchford for her service to Hinman. Sylvia is a tremendous example of what a leader should be. She was able to work successfully with a wide spectrum of personalities that changed on an annual basis. In the rare event that she did not know the answer to an obscure question, she would always find it quickly and accurately, but, in my opinion, her greatest skill was

the ability to assemble a great team — including helping to find her successor, Annette Sullivan. Thank you Sylvia, and thank you Annette, Lynn, Jackie, Wendy, Stephanie, Caitlyn and Britney.

I look forward to seeing everyone in person over the coming year. Please contact me if I can be of service and thank you for allowing me the privilege of serving as your President.

*Will Rousseau*

## General Chair's Message

### Navigating a New Year

Dr. Kate Robinson

I cannot begin this message without first congratulating Dr. Bob O'Donnell for presenting the first hybrid dental meeting in history! As many of you are aware, constructing a well-balanced educational and

social program for one of the biggest and most well-respected dental meetings in the world is a three-year "labor of love." To have the meeting cancelled at the last moment and then going back to the proverbial drawing board is a task that no one wants to contemplate. We have such admiration for our Dr. O'Donnell to have resisted the urge to change his name and run far, far away; instead, he bravely met the challenge head on.

Bob, we all thank you for representing the Hinman ideals and for making us proud to be part of such a strong, vibrant and determined dental society.

"Navigating Dental Disruptions" is the timely theme for our 2022 Thomas P. Hinman Dental Meeting. My Program Chairs, Drs. Jim Roos and Randy Phillips, and I have worked diligently over the past four years to provide a 100% in-person dental meeting with speakers and courses attractive to the entire dental team. We are featuring all-day tracks: Prevention

Conventions, Assisting Essentials, Business Office Bonanza, and the New Dentist Track. All of these tracks will feature past favorites and exciting new speakers. Speaking of new, a quarter of our speakers will be new to Hinman! There will be plenty of participation courses too, topics including "teeth-in-a-day," dental sleep medicine, endo, veneers, implant placement and many more. In addition, we will offer a women's networking event that will feature a panel discussion with some of our female speakers to help shed light on how to achieve the ever illusive work-life balance.

On the exhibit floor, we'll have a Podcast Lounge featuring some of the most popular podcasters in the industry, including Dr. Grace Yum of "Mommy Dentists in Business," "Transition Talk" with Charles Loretto and Christy Ratcliff, and "Bulletproof Dental Practice" with Drs. Peter Boulden and Craig Spodak. The popular Total Health Pavilion will take center stage again, with many short courses designed to keep us healthy in body and mind. Exhibit-Only hours will make it easy to make those purchases that you've hopefully been saving for Hinman, so shop till you drop to keep our exhibitors happy!

Looking back on the last 18 months, I think it's high time we laugh a little, so I'm pleased to announce that our Keynote Speaker will be comedian Kathleen Madigan. A veteran of the Tonight Show, Letterman, and "Comedians in Cars Getting Coffee," Kathleen also hosts Blue Collar Comedy on Sirius XM. What better way to kick off our meeting than with laughter?

On Friday evening, Hinman's Night Out will be at the Tabernacle featuring The Rupert's Orchestra, which will be fabulous fun for all at one of the most unique concert venues in Atlanta.

Many heartfelt thanks for your support and hard work to help us create another successful Hinman Dental Meeting. I am looking forward to working with every one of you!

*Kate*

# Passionate Scuba Diver & Former Naval Officer, Dr. William Rousseau, Named Hinman Dental Society President

By Kim Donovan

Of course, endodontics is Dr. William Rousseau's professional passion. But, when he's not at his practice, he and his wife, Beth, love to travel and scuba dive together. In fact, they just returned from a week-long diving trip to Belize. He's been certified since middle school and has been diving throughout the Caribbean, French Polynesia, Central America and Hawaii. His wife and two sons, Charlie (27) and Ben (26) are also certified scuba divers and he's been trying to talk his daughter, Ellie (21), into getting certified. "Scuba is a great way to relax and it's the perfect family trip," he added.

As graduates of UGA, he and Beth continue to be big UGA fans even though all three of their kids attended Ole Miss. They go to almost all of the Ole Miss home games, but they always have the Dawgs on their television in the Grove.

Born and raised in Atlanta, Dr. Rousseau is a second-generation dentist. His father is a life-long member of Hinman and past General Chairman, so he grew up going to the annual meeting in the summer and the Hinman Exhibit Hall at an early age. After graduating from The Westminster Schools and the University of Georgia, he attended the Medical College of Georgia School of Dentistry. Prior to joining his father and brother in their general dentistry practice, he decided he wanted to see the world and was commissioned in the U.S. Navy. It was during his three years on active duty that he chose to pursue endodontics as a career. With

a lot of help from Dr. Bill Schroeder, he was accepted at the University of Louisville and moved his family to Kentucky to complete a residency in endodontics. He and Dr. Seth Stewart formed Northside Endodontics in 2004 and serve patients in the North Atlanta Metro area. He said, "The best part about being an endodontist is that you always exceed the patient's expectations, because no one is excited about getting a root canal."

In addition to the Hinman Dental Society, Dr. Rousseau is a member of the American Dental Association, the American Association of Endodontists, the Georgia Dental Association, the International College of Dentists, Georgia Association of Endodontists (past president) and the Southern Endodontic Study Group (past president). He is board certified by the American Board of Endodontics.

As President of the Hinman Dental Society, Dr. Rousseau's goal is to focus on the Hinman members and encourage them to return to in-person membership meetings and get reacquainted with fellow members. "We work in a very difficult profession and spend our time trying to fix other people's problems. Many times we do not take care of ourselves and there is nothing healthier than spending time with friends."

Dr. Rousseau says Hinman is special because of its members and their close involvement. After scouting other meetings as a program chair for the most recent meeting, he believes that the enthusiasm and hospitality of Hinman's volunteer members sets Hinman apart from all other meetings.

"My favorite part of being a Hinman member is the summer meeting. It is a very relaxing weekend among friends and family," he said. The annual meeting will be held at the Grand Hotel on Mobile Bay June 2-5, 2022.

The Rousseau Family at a Hinman Annual Meeting.

Dr. Rousseau is also passionate about playing golf. He and friends take an annual golfing trip, but never in the fall when college football takes precedence. He has to check the University of Georgia's football schedule prior to planning any trips. He plays regularly with a number of fellow Hinman members and says, "Most of them do not realize that other than inconsistent iron play and poor putting I'm a good golfer."

# Hinman Exhibits

## On Behalf of the Hinman Exhibitors, Thank You!

It has been a rough couple of years for business. Some of our exhibitors have thrived during the pandemic, while others have not. Thank you for helping us show our support for our in-person exhibitors this past March. They were thrilled to have your business and grateful for the opportunity to meet in person.

We are preparing for the 2022 Meeting with a return to an in-person Exhibit Hall. Please continue to support our exhibitors, not just throughout the year, but especially during the March Meeting. Your loyalty and commitment to saving your purchases for the Hinman Meeting is greatly appreciated.

The more you support our exhibiting partners, the more they support us...and that means more money for scholarships!

### Hinman 2022 Exhibit Hall Features:

- Six participation course rooms
- Social Media Lounge
- Table Clinics
- Two Eateries
- Total Health Pavilion
- Podcast Lounge
- Learning Lab
- Morning and afternoon snack areas
- Exhibit only hours on Thursday from 3 – 5 p.m. and Friday from 5 – 6 p.m.

## MICHAEL E. PRUETT, DMD

Dr. Pruett is an Assistant Professor in the department of Restorative Sciences and he is the Director of Continuing Education for the Dental College of Georgia. Prior to this, he served as Director of the General Practice Residency Program at The Dental College of Georgia for 21 years. He received his DMD from the Medical College of Georgia School of Dentistry, and then completed a two-year General Practice Residency at the University of Virginia. Upon completion, he became the Director of Dentistry at Mount Sinai Hospital in Hartford, Connecticut. While in Hartford he also served as the Assistant Program Director of the General Practice Residency at Saint Francis Hospital and Medical Center.

Dr. Pruett has placed and restored dental implants for the last 29 years and maintains an active practice within the Dental College of Georgia. He is the co-director of the Augusta University/American Academy of Implant Dentistry Maxi-Course and several other hands-on continuing dental education courses at Augusta University. Dr. Pruett lectures nationally and internationally on a variety of topics.

He is a Fellow in the International College of Dentists, the Pierre Fauchard Academy, Associate Fellow in the American Academy of Implant Dentistry and a Diplomate in the International Congress of Oral Implantologists. He is also active in many dental organizations including ADA, Georgia Dental Association, Hinman Dental Society, American Society of Dental Anesthesiology, Academy of Osseointegration and the American Academy of Implant Dentistry. Dr. Pruett was the 2013 recipient of the Distinguished Alumnus Award for The Dental College of Georgia and was also the recipient of the Prestigious Hinman Medallion in 2018.

## Management of the Medically Complex Dental Patient

As general practitioners, we should be able to safely treat or manage medically complex patients and avoid complications. This program will focus on prevention and management of medically involved patients that we commonly see in our practices. Examples include everything from the anti-coagulated patient to the pregnant patient. We will review guidelines for treatment and discuss how to determine the right time to refer.

### EDUCATIONAL OBJECTIVES

- > Participants will review the prevalence of disabilities in the U.S. population, and list examples of patients with special needs and disabilities who commonly present in dental practice.
- > Participants will review how to evaluate and assess risk related to dental patients with systemic disease.
- > Participants will review how to develop strategies for managing patients related to their systemic disease.
- > Participants will review how to evaluate common systemic disease and the practice modifications needed for predictable dental care.
- > Participants will review clinical strategies and techniques that can enhance outcomes when caring for individuals with special needs or complex medical histories.

 September 16 – 19 .....\$80  
 Day of Meeting (September 20) .....\$90

The registration fee includes a three-hour lecture, cocktails and dinner. The fee is the same to attend the lecture only or dinner only. No refunds will be given after September 14. The Hinman Trustees have provided a generous subsidy to offset the \$140 cost per attendee to attend a membership meeting.

Please visit our website at [Hinman.org/Society](http://Hinman.org/Society) to register.
